BEHIND EVERY STRONG COMPANY,
THERE ARE FACES THAT MATTER.

CORPORATE & LEADERSHIP PORTRAIT PHOTOGRAPHY.

MEET THE PHOTOGRAPHER

Nadia Jourovski

Nadia Jourovski is a professional photographer specializing in corporate and business portraits. Her work is defined by a refined visual eye and a strong sense of aesthetics, presenting each client at their best through confident, professional imagery. Every session follows a calm, efficient, and well-structured process. Attention to lighting, composition, posture, and expression ensures portraits that communicate clarity, credibility, and approachability, while allowing clients to feel comfortable and confident in front of the camera. In today's demanding corporate environment, her portraits help leaders and teams make a strong first impression and reinforce a polished, professional image.

PROVEN EXPERIENCE MANAGING LARGE-SCALE
CORPORATE PHOTOGRAPHY PROJECTS INVOLVING
OVER 100 EMPLOYEES.

WHERE WE WORK

Based in Geneva, Nadia Jourovski offers corporate and business portrait sessions in her private studio for individuals and small teams.

For larger teams, portrait sessions can be organized directly at clients’ offices, with a professional studio setup created on site.

All necessary lighting and equipment are brought in to ensure a smooth, efficient workflow and consistent visual quality.

This flexible approach allows professionals and teams to be photographed either in the studio or on location, while maintaining the same level of precision, aesthetics, and professionalism.

HOW WE WORK

SESSION PLANNING

Once the booking is confirmed, a discussion allows expectations, preferences, and the intended use of the portraits to be defined. This ensures a clear and well-structured workflow on the day of the session.

HOW WE WORK

MAKEUP & HAIR

***OPTIONAL**

Upon request, professional makeup and hair styling can be arranged. A trusted and experienced makeup artist is available to ensure a polished, camera-ready appearance while preserving a natural and authentic look.

HOW WE WORK

STYLE VARIATIONS

During the session, outfit changes are possible to create a range of looks. This flexibility allows for portraits suited to different professional contexts and communication needs.

HOW WE WORK

PHOTOSHOOT

On the day of the session, the studio is set up either on site or in studio, creating a smooth and comfortable experience. Clear guidance on posture, expression, and presence helps each person appear natural, confident, and professional.

HOW WE WORK

ONLINE GALLERY & SELECTION

After the session, clients receive access to a private online gallery where they can review the images, select their favorites, and leave comments or retouching notes.

HOW WE WORK

RETOUCHING

Each selected image is carefully retouched according to the client's feedback and preferences. The final editing is fully customized to enhance the image while preserving a natural, authentic, and professional appearance.
